Awards Competition 2017 (Lumiere Awards)

Call for entries

Submission deadline: 1 September 2017

The **Awards Competition** is one of the main components of the **Stereopsia** event. The awards are the prestigious **Lumiere Awards** from the **Advanced Imaging Society** and **VR Society**, both based in Hollywood, California. These awards concern **3D contents for cinema, TV, and VR** (preferably cinematic VR) produced in **Europe, the Middle East, & Africa (EMEA)**. They are given to the winners during the **Awards Dinner** of Stereopsia held on 13 Dec 2017 at the prestigious Center for Fine Arts (BOZAR) of Brussels, Belgium.

Producers are invited to submit their entries by the submission deadline indicated above. Submitting is simple. One just needs to fill out the self-contained and self-explanatory **Submission form** accessible through the **Entry submission website** found on the Awards Competition webpage www.stereopsia.com/awards-competition, and to submit it to us along with the material requested on the form. This same webpage contains all necessary information about the Awards Competition. **There is no fee for submitting an entry.**

Information about **Stereopsia** (previously called 3D Stereo MEDIA) is found on the event webpage www.stereopsia.com. Selected entries submitted to the Awards competition will be screened to professionals and the general public during Stereopsia (11-13 Dec 2017) at the event venue (BOZAR).

Although the Awards Competition webpage and the related Regulations provide answers to most of the questions you may have, do not hesitate to contact us if you have additional ones.
