WORLD IMMERSION FORUM & Exhibition

After 8 years of 3D Stereo MEDIA in Liège, Belgium, the organizers have decided to move its professional part to Brussels, and rename the event "**Stereopsia**". This new name reflects the will to emphasize on 3D imaging in all its forms: 3D movies, Virtual and Augmented Reality, Mixed Reality, 3D Cinematic VR, etc.

STEREOPSIA INHERITS THE STRENGTHS OF 3D STEREO MEDIA:

- International event from its inception
- Multidisciplinary, fostering interaction and networking of scientists, engineers, artists, producers, and business(women) from all over the world
- Presentation of the latest technologies and trends
- Human sized and highly convivial
- Strong ties with Hollywood and Silicon Valley (from US and China)
- Prestigious Awards ceremony to hand out the famous Lumiere statuettes for Europe, Middle East and Africa
- Organizers chairing the European Chapters of the Advanced Imaging Society and VR Society.

STEREOPSIA WILL FEATURE:

- **A scientific conference** technically supported by the IEEE, The world's largest technical professional organization for the advancement of technology
- **A professional conference** featuring keynotes and debates with experts from all over the world

- **A 3D booster** to coach projects of 3D movies or VR content and present them to investors
- **An Academy** to develop quality VR contents in both 3D Cinematic VR and CGI VR
- **An international competition for 3D movies and VR content** produced in Europe, Middle East and Africa to give out the prestigious Lumiere Awards of the Advanced Imaging society (Hollywood)
- **Screenings** of the nominated 3D movies
- **An exhibition** to welcome the best of the immersive content and technologies
- **A 6-day VR animation showcase** "Liege virtual Week"

THE AWARDS CEREMONY FEATURES THE WORLD'S MOST PRESTIGIOUS AWARDS FOR 3D AND VR

EXHIBITION OPPORTUNITIES

VENUE

BO
ZAR

The prestigious Center for Fine Arts of Brussels
Rue Ravenstein 23 - Brussels, Belgium
